

## Evening Seminar

Wednesday, 10th March 2010  
Tennis West 5.30pm to 8.30pm

## Are you going to make it to 73?

The Business Council of Australia has just recommended that the retirement age be lifted to 73.

Whether you're thinking about retirement, or you employ people who may be considering working longer (and we're all going to need them) how can you assist them to stay productive? Are you/they going to be fit enough to work that long?

Even if you can afford to retire before reaching age 73, will you have the health and fitness to enjoy your hard-earned superannuation?

David Beard is one of Australia's leading adult health and fitness specialists and the author of the book "If I'd only known I'd live this long..."

David will share with us the secrets to a long and healthy life, and you will learn:

- ✓ the three essentials to living a long time (and enjoying it)
- ✓ why your doctor's advice isn't always right
- ✓ how to get and stay fit in the least possible time
- ✓ the latest research on sex and health your partner needs to know.

If you have retirement in your sights or its decades away, what David has to share could alter your life forever.

## apics advantage education

apics provides real-world teaching for best practice, supply chain management, procurement and resource management through its international certifications and Australian-government recognised programs.

Whether you're an employer, employee or student, an investment in training requires prudent decision-making. This evening will give you an insight into the advantages that apics courses and professional development sessions can give.

This brief overview of apics WA Chapter's education calendar for 2010 will ...

- ✓ give you an understanding of the training programs on offer
- ✓ assist you to match training programs to job functions and performance challenges
- ✓ help you understand how apics training can expand career opportunities
- ✓ answer practical questions about timing, location, eligibility, assessment, costs - and everything else!

apics facilitators and students will be available to talk to you about the programs, membership and benefits. Get your 2010 learning and development strategy in place at this session.
